Technovation Challenge

In the US, women fill a scant 26% of all computing jobs - a number that’s only getting worse - with the rest of the world coming up similarly short.

The Technovation Challenge inspires and enables teen girls to dream up, design, code and pitch mobile phone apps. Working with professional mentors, all-girl teams develop a real-world combination of technical and entrepreneurial skills.

We’d like to impart our skills on to a new generation to help create a worldwide web of tech-savvy, knowledge-hungry girls willing to learn, socialize, and create something to change the world, their world.

Get Involved!

Contact us if you are interested in becoming a Technovation[MN] sponsor.

Become a Technovation[MN] Sponsor!

We know that today’s teenage girls are the next generation of entrepreneurs, and teaching them to program multiples their power in the marketplace. We are working to close the gender gap in computer science by teaching girls how to code and how to be successful entrepreneurs.

We are seeking and welcome charitable donations in any amount. As a key program of Code Savvy, a 501(c)(3) organization, these donations are tax deductible. We also welcome sponsorships for the App Day events and for Appapalooza, our state pitch event.

Sponsorship Levels & Benefits

Sustaining Partner
$20,000 - $50,000
- Partner with Technovation[MN] on mission & vision to sustain & strategically grow program into new areas
- Work closely with Exec Director / Fundraising Chair on individualized program goals
